A POINT RECALLED

As you watch, above the heaving surf at Pemaquid Point, Maine, the Creator works on the great cliff with the liquid tool to form a master work of art. It has been in the process since the ocean met the granite and will continue. The power of this meeting is awesome. In unrest, the great surf thunders in to climb the giant rock steps it carves into the cliff, forever refining and polishing the stone. The roar is

1985 issue of "National Geographic" had a feature article on the Maine coast, that incredible jigsaw of islands and peninsulas. Pemaquid, between Boothbay and Port Clyde, is one of the more spectacular when sea conditions are angry but at any point this is the stuff of visual impact. It's unforgettable. Pemaquid Light could certainly be mistaken for Ned's Point Light or Bird Island or any number of stone lighthouses. When the old timers found the perfect pattern, they used it.

TOWN ACCOUNTANT RESIGNS

Barbara A. Akin, who has been the town accountant for five years, submitted her resignation to the Board of Selectmen last Tuesday, saying she would like to give up the Municipal Accounting and get back into commercial accounting. Her resignation will be effective April 12, 1985.

Selectmen Chairman John DeCosta said her resignation will be a great loss to the town and to all who have worked with her in the Town Hall. An advertisement will be placed in the newspapers immediately so that a new accountant can be hired to get ready for the annual town meeting coming up on May 6th.

Barbara said she will be seeking other employment during this time, but wishes to give the Board adequate time to advertise and to train a new person and still be able to accept a new position. She said, "giving up this position has been one of the most

The Selectmen met briefly with the Personnel Board to discuss a salary range for a new accountant. At the present time the range is $14,000 to $16,000. A new range of $14,000 to $17,000 was agreed upon, with the stipulation that it be checked with Town Counsel Donald Fleming.

Following the meeting, Elaine Sylvia, Selectmen's secretary, said Fleming had responded saying he found no problems with the salary range. The new employee will be told the salary has to be ratified at the May 6th

SNOW REMOVAL RECOMMENDATIONS-NO PARKING BAN

Snow removal recommendations were reviewed by the Selectmen last Tuesday and Ray Bradley and Jim Nunes of the Town Highway Department. A decision to declare a no parking ban on one side of Mechanic and Baptist Streets will be put into effect this year.

The street presenting the most problems is Baptist Street, all agreed. Nunes recommended no parking on Baptist Street all year round, noting it isn't just in the wintertime there is a problem of getting snow plows in the street; all year round there is difficulty with fire trucks and oil delivery trucks maneuvering into the street.

Nunes also noted there should be a one-side parking ban throughout the town when

a snowstorm is expected. Bradley suggests the ban should extend for several months during the year. Following his suggestion, the Board agreed to extend the ban on the east side of Baptist and Mechanic Streets from December 1st to March 31st, starting this year.

A letter will be sent to residents of those streets plus signs will be posted on the streets where the no parking ban will be in effect.

In other business Selectmen met with Paul M. Kelley, fire alarm superintendent, and Fire Chief Donald Wood to discuss the proposed expansion of the Village Court by the Housing Authority to accommodate two apartments for the handicapped. Kelley noted the apartments are tentatively planned to be built separate from the existing building.

Kelley said, "What with the problems the authority had before with the alarm system in the main building, I want things to go smoothly this time." For this reason, Kelley recommended the specifications for the alarm system be given to the architect so work will be done correctly.

Chief Wood added to Kelley's remarks, saying, "I'd like to wait until I see the plans. I can't tell them what to do. We should have a meeting with June Mendell, Housing Au-

On another matter, Kelley and Wood discussed the large building John Folino is constructing at Industrial Park. They explained that Folino wants to put in a sprinkling system (using about 1500 gallons a minute).

Kelley asked Selectmen for this backing in recommending to Folino that he tie into the town's fire alarm system. "It would be an advantage for Folino as it would be a reduction in his fire insurance; and an advantage for the town as it would conserve water. Can you imagine the amount of water that would be consumed if the alarm and sprinkler went off on the weekend and no one knew it until Monday, and the damage it would do in the building," Kelley added. He said that if it was on the town system it would shut off automatically.

Chief Wood said that he felt Folino should be tied in, but that "we can't force him".

GAVE PERMISSION to the "Arts Alive" committee to use the Town Hall for an art exhibit from 12 noon to 5 p.m. May 11th. The approval was granted with the condition there be no nails in the walls.

RECEIVED WORD from Old Colony Voke Superintendent John Oliveira that the Selectmen's request for carpentry services will be forwarded to the proper department.

Chairman DeCosta said the board was inquiring about having work done on the bandstand at Shipyard Park and to the shed in the rear of the Town Hall which houses the generator.

Mattapoisett Election

CANDIDATES FOR THE ANNUAL TOWN ELECTION
TOWN OF MATTAPOISETT - APRIL 2nd

Four offices will be contested in the April 2nd annual town election in Mattapoisett, including the three-year term for the Board of Selectmen. Incumbent Frank M. Suzan will be opposed by John C. Bowman who presently holds a seat on the Board of Health.

Former Selectman Donald Linhares will be seeking to capture the long-held Highway Surveyor's job, held by incumbent Manuel R. Nunes, Jr. for over 50 years. Linhares was Selectman from 1968 to 1977, when he chose not to run for re-election. In 1982 he made an unsuccessful bid to return to the Board of Selectmen.

Another office being contested is that of the Board of Health. Both newcomers to the election field, Paul M. Kelley, Jr., the present fire alarm superintendent (a non-elected post) and Michael E. Michaud, Registry of Motor Vehicles instructor, are seeking a three-year term on that board.

There are two seats open on the Mattapoisett Housing Authority, one for a five-year term; the other for a four-year term to fill a vacancy. Elizabeth A. Smith and Louis F. Klein III are the candidates for the five-year term; and Police Lt. James Santos is running unopposed for the four-year term.

With no opposition, incumbents seeking re-election are: Kathleen Briggs, treasurer/tax collector, three years; John D. Gibbons, assessor, three years; Maureen Duff Best, Mattapoisett School Committee, three years; Beatrice Johnson, trustee of the public library, three years; Ralph E. Wordell, water/sewer commissioner, three years; Wesley N. Bowman, tree warden, one year; Arthur W. McLean, planning board, five years; Antone J. Nunes, herring inspector, one year; and Richard W. Blasdale, moderator, one year.

EXHIBIT OF CHILDREN'S ART WORK

"Discovery, A Child's World" is an original and unique exhibition at the Marion Art Center opening March 8th, 5 to 8 p.m. This juried show will feature works of art by children from grades kindergarten through seven, depicting their view of the adult world. The children's paintings and drawings will be complemented by adult renderings of the world of children. These delightful and sincere efforts by the children of Marion reflect their feelings about their environment. The show will be on display from March 8th through the 27th. Currently, the paintings of Jeanne Ziphir may be seen in the gallery Wednesdays through Saturdays, 1:00 to 4:00 p.m.

As a very special event in conjunction with the "Child's World" exhibit, renowned poet and lecturer David McCord will be at the Marion Art Center on Sunday, March 10th, at 3:00 p.m. At that time he will entertain the public with readings from his works and anecdotes from his very colorful life. Among his many accomplishments McCord has written more than 41 books, eleven of them verse for children. He has been a part of Harvard's academia for many years and in 1950 was named a Guggenheim Fellow. Sharing the distinct honor of being appointed the first of seven "Grand Bostonians" with Archibald MacLeish, McCord's poetry was described by MacLeish as having "charm, tenderness, grace and a lovely humor".

Many of David McCord's books will be available for sale and autographing on Sunday afternoon, March 10th, with the proceeds to benefit the Marion Art Center. Because seating is limited, reservations must be made in advance. There will be a small admission -

"Dear Liar"

MARION ART CENTER

George Bernard Shaw, one of the 20th century's great men of letters, is best known as the author of such plays as "Man and Superman", "Candida", "Caesar and Cleopatra" and "Pygmalion", among many others. He was also well-known as a socialist, a critic of both drama and music, a confirmed vegetarian and an Irish personality of caustic wit.

Mrs. Patrick Campbell was, once, equally as well-known. In 1893, when she starred in Pinero's "The Second Mrs. Tanqueray", she was, overnight, an actress of international acclaim. She sustained that stature with roles created for her by Pinero and J.M. Barrie, among others. For ten years she and actress Ellen Terry dominated the London stage. Indeed, even the great Sarah Bernhardt, so taken with "Mrs. Pat's" thespian talent, insisted she share her stage in Maeterlinck's "Pelleas and Melisande". Shaw, himself, was so smitten by Mrs. Campbell that, for her, he created the role of his fair lady, Eliza Doolittle.

Here began a most intriguing relationship between the playwright and the actress and while it wasn't, by today's standards, a romance, it was an affair of the heart. Though both were married to their respective spouses, their affaire de coeur was to last for forty years. As Mrs. Campbell possessed a wit as biting as Shaw's and a temperament to match, they shared moments of great warmth as well as periods of monumental turbulence.

Playwright Jerome Kilty has created, in "Dear Liar", a two-act biographical play, based on the hundreds of letters shared between these two fascinating luminaries of Edwardian society. "Dear Liar" not only illuminates Shaw and Campbell, it subtly evokes the mores of the era.

Sharing acting responsibilities in "Dear Liar" are Marion's Joan Olsen and David B. Boyce of Mattapoisett. Barbara S. Carns is director and producer.

This Marion Art Center production will be presented March 30th and April 12th and 13th. Curtain will rise at 8 p.m. To benefit those who stay housebound after sundown, the Center offers a matinee on March 31st at 3 p.m. As seating is limited, reservations are recommended by calling 748-1266. Tickets are $5. for members, $6. for non-members, and a special discounted $4. Senior Citizen ticket for the matinee only.

Trash Compactor

According to home economists from Whirlpool Corporation, just a little "T.L.C." can help keep your trash compactor working efficiently throughout its life time.

They recommend:

- Frequently cleaning the exterior surface with warm sudsy water and damp cloth. Rinse and dry.
- Wipe up any spills right away. Some food drippings can mar the finish if left on the exterior.

Help Democrats Help Ethiopia

The Democratic State Committee has entered into a cooperative program with Grassroots International, a Cambridge-based relief organization. The goal is to bring animals to Ethiopians unreached by current aid efforts. The animals will replace livestock lost in the war-torn northern provinces of Eritrea and Tigray and to carry grain and medical supplies to remote areas. Animals such as oxen for farming, camels for long distance transportation and pack mules for hauling will be needed to farm again. Repopulating the area with animals will help with agricultural recovery to prevent permanent dependency of the survivors on outside aid. Anyone wishing to make a tax deductible contribution to this worthwhile cause may do so by sending donations made out to "Grassroots International" to Mattapoisett Democratic Committee, c/o Barbara J. Sawyer, 8 Tobey Lane, Mattapoisett, MA. 02739.

The next scheduled quarterly meeting of the Democratic Committee will be March 11th at 7:00 p.m. in the Town Hall.

March is maple sugar month! For the entire month the Children's Museum will be offering programs for schools, scouts, and the general public. Programs will include tree identification, tapping the tree, collecting the sap, boiling it down to make syrup, and of course, tasting the final product.

School programs are available on weekdays and scout programs may be scheduled for the afternoons.

There will be a variety of items on sale at the museum shop including maple sugar candy and even taps for "do-it-yourselfers".

Weekend sugaring programs are scheduled every Saturday at 11:00, 11:30, 12:30, 1:00, 1:30 and 2:00. Sunday sugaring programs through March 24 are at 1:30, 2:00, 2:30 and 3:00.

The entire month of programs will be capped off by the Museum's annual Pancake Breakfast on Saturday, March 30th. Hot pancakes and sausage with juice and coffee will be served that morning and the regular sugaring off will be held as well.

In addition, regular museum visitors may also catch informal fifteen minute staff demonstrations on the main exhibit floors relating to maple sugaring; its science, craft and history.

Daffodil Day

Mrs. Ruth Rose of Fairhaven has been named Daffodil Day chair for the Greater New Bedford Unit of the American Cancer Society. The announcement was made by Honorary State Daffodil Day co-chair Joyce Kulhawik, arts/entertainment editor for WBZ-TV's "Eyewitness News".

"On Daffodil Day, March 20, volunteers in the greater New Bedford area and throughout Massachusetts will sell daffodils to try to raise $150,000 for cancer control programs in the state," Mrs. Rose said. "Locally, our goal is $5,000."

"Because the daffodil is the first flower of spring it symbolizes the new hope that cancer patients have today,' Kulhawik said. "Half of all cancer patients will be cured of their disease. Funds raised through this event will go toward the research that is making progress in cancer treatment possible, as well as toward education and services to cancer patients."

Individuals can buy a bouquet of 10 daffodils for $3., or a box of 500 for $150. "We are still looking for volunteers to approach businesses about purchasing daffodils, as

Why cut rate heating oil is no bargain.

No service vs. full service

- Cut rate heating oil is usually COD service. The fuel is delivered, you pay for it on the spot and that's all you've got.
- We don't leave you with a load of fuel and wave "goodbye". Delivering heating oil to our regular customers is more like saying "hello".
- Our service starts with the best products available and continues all year long.
- Our reputation is important to us, so you can be sure the fuel we supply is a quality product you can trust.
- We offer credit and even-payment budget plans that make paying for a winter's heating easier.

- Our trained experts can provide the year-round preventive maintenance every heating system requires.
- We have service plans that will assure you of help when you need it, even in the dead of winter.
- You don't even have to call us to refill your tank. our automatic degree-day system makes sure you won't run out of fuel.
- Remember, when the fuel is "cut-rate", the service that backs it up is probably cut out.

Hyperopia or farsightedness is a vision condition in which closer objects appear blurred and objects further away are seen more clearly. Many people are born with a small degree of farsightedness. A greater degree of farsightedness can cause tension, fatigue, headache, poor reading ability and a lack of concentration. Farsightedness can be diagnosed through an eye examination and is effectively corrected with eyeglasses or contact lenses. Call for an appointment today.

IRISH MUSIC BY THE CHIEFTAINS

On Saturday, March 9th, at 8:00 p.m. The Chieftains, acclaimed as the greatest presenters of Irish music, will be live on stage at the Zeiterion Theatre in New Bedford for one performance only.

Time's a'wasting

St. Patrick's Day is just around the corner and not far behind it is EASTER (April 7th). We've got ideas for decorations and gifts, the materials to make them, a large classroom, and hot coffee! Come in and see us - we'd like to see you! Edie and Claire

For almost two decades The Chieftains have uncovered a wealth of traditional Irish music that has accumulated over the centuries. Although their early audience was primarily folk, the range and variation of their music very quickly captured a much broader section of the public, resulting in their present world fame. "If there is a more beautiful musical sound in all the world than that made by The Chieftains, I haven't heard it", declares Bob Claypool, music critic for the Houston Post.

To date, The Chieftains have recorded 13 albums and recorded with Mide Oldfield, Art Garfunkel and Eagles drummer Don Henley. During their world-wide touring they have also performed with Eric Clapton, Van Morrison, James Galway, Dan Fogelberg and Jackson Browne. They broke all records for the largest live audience when they played for Pope John Paul II and 1,350,000 people at Phoenix Park in Dublin.

In 1983, the Chieftains made their first appearance in China. During this historic tour they became the first Western group to perform in ensemble with a Chinese folk orchestra, and filmed The Chieftains in China, which will be seen world-wide. Also in 1983, at the invitation of Speaker of the House

NATIONAL PRODUCTION OF OLIVER! COMES TO ZEITERION

On Wednesday, March 13th, at 3:00 and 8:00 p.m. the national production of Oliver! will be live on stage at the Zeiterion Theatre in New Bedford.

This popular family production features one of musical theatre's most memorable scores including "As Long as He Needs Me", "Consider Yourself", "Food, Glorious Food", and a host of others. Director Lionel Bart has taken Charles Dickens' dark poignant story about an engaging orphan's wild adventures in 19th century London and turned it into a magical musical comedy.

Bart's version of Dickens' masterpiece traces young Oliver from his starving deprivation through his apprenticeship to a cruel undertaker into the clutches of a lov-

able scoundrel, Fagin, and his school of precocious pickpockets, to the final safety of his long lost grandfather. This light and lyrical adaptation has been slightly altered from Dickens' original classic. Bart changed Fagin from a repellent leech to a comic fairy tale ogre; an eccentric miser delicately directing his city-jungle juveniles in their trade. Although filled with such evil-doers, Oliver! is also populated with an enchanting crew of rollicking ragamuffins who turn the show into a festival of fun.

A breakdown of the profit from the cookie sale indicates that Girl Scouts earn between 10¢ and 45¢ for their troop treasury for each box they sell. Girls use the money to carry out a variety of troop activities which range from trips to Washington, D.C. to end-of-the-year camping trips.

During the last Girl Scout Cookie sale southeastern Massachusetts Girl Scouts earned approximately $114,000 for their troop treasuries.

Besides the Girl Scout troop profit, 37.5 percent goes to the baker, Little Brownie Bakers. The remaining 47.5 percent is used to provide the Girl Scout program for the 19,000 Girl Scouts who live in 76 communities that are served by the Plymouth Bay Girl Scout Council.

According to the Plymouth Bay Girl Scout Council's most recent 1984 figures, it cost the council $45. per year to serve one girl. The report also indicates that 51.1 percent of the council's operating income is derived from cookie sales, 21.2 percent comes from United Way, 11.4. percent from program services, 9.5 percent from gifts and bequests, 6.2 percent from investment income, and the remaining .6 percent from fund drives in non-United Way communities.

The Plymouth Bay Girl Scout Council's Program Position Statement states the council exists to offer a positive, sustained, year-round experience for girls living within its jurisdiction. Therefore, the operating income derived from the various sources is used to provide direct and supporting services to girls.

Although all of the services are too numerous to publish, a few are: the recruitment and placement of girls, the recruitment, placement, training and supervision of the adult volunteer leadership, the maintenance of council-owned program properties, and fi-

nancial assistance for girls needing aid for camping or wider program opportunities.

In addition, the council sponsors a multitude of program events that are designed to supplement, not take the place of, Girl Scout troop activities. These events are advertised in a council publication - "Seabreeze". It is a program/training booklet that is mailed to Girl Scout troop leaders twice a year. A few of the most recent and upcoming events that are offered in the book are: puppetry workshops, environmental study events, international understanding sessions, and an aquatics weekend which includes windsurfing instructions.

Another event, "What If I Couldn't", a disability awareness workshop, has been set for April 27.

Because adult leadership plays such an important role in helping girls to develop to their fullest potential, special adult training and information sessions are conducted by the Plymouth Bay Girl Scout Council. The next event, "Serving the Whole Girl Conference", will be held on March 23rd. Professionals from other human agencies will serve as the conference consultants.

Providing troop camping, day camping, and in-residence camping opportunities is another service of the Plymouth Bay Girl Scout Council. These programs are conducted on council-owned sites in Acushnet, Norton, North Attleboro, Martha's Vineyard, Nantucket and Plymouth.

Plymouth County Wildlands Trust

BUSINESSES INVITED TO JOIN PCWT

Local business were recently invited to join the Plymouth County Wildlands Trust in its efforts to preserve the quality of life in southeastern Massachusetts. Among the first to respond by becoming corporate donors were Plymouth-Home National Bank, Puritan Clothing Company, Rockland Trust Company, Lincoln Trust Company, Mariner Boat Shop, and Burr Brothers Boats. PCWT holds nearly 800 acres of conservation land in 8 towns for the public benefit. Corporate membership is open to any business, large or small, that wants to help preserve the qualities that make southeastern Massachusetts a desirable place to live and work. In addition to the opportunity to support a worthwhile community venture, PCWT offers corporate members special programs for their employees - guided walks, canoe trips, bicycle rides, slide shows and other events. A free brochure describing corporate membership can be obtained by writing to PCWT, State Road, RFD 8 (867), Plymouth, MA. 02360; or by calling 224-3587 or 224-2765.

PCWT is a non-profit organization funded by the private sector, including over 300 individual members. It was founded in 1973 and is run by local volunteers who believe that land conservation is essential to the future well-being of this region. Business leaders and conservationists have a common interest in protecting the economic and environmental health of local communities. Southeastern Massachusetts is the fastest growing region in the state, and working now to set aside some of the lands close to home as refuges for man and nature is an important part of planning for the future. Land conservation helps protect watersheds and water supplies, scenic vistas, open space for outdoor recreation, wildlife habitats, historic places, and the general character of the landscape. For information on individual membership, corporate membership or volunteer opportunities, write PCWT, State Road, RFD 8 (867), Plymouth, MA. 02360.

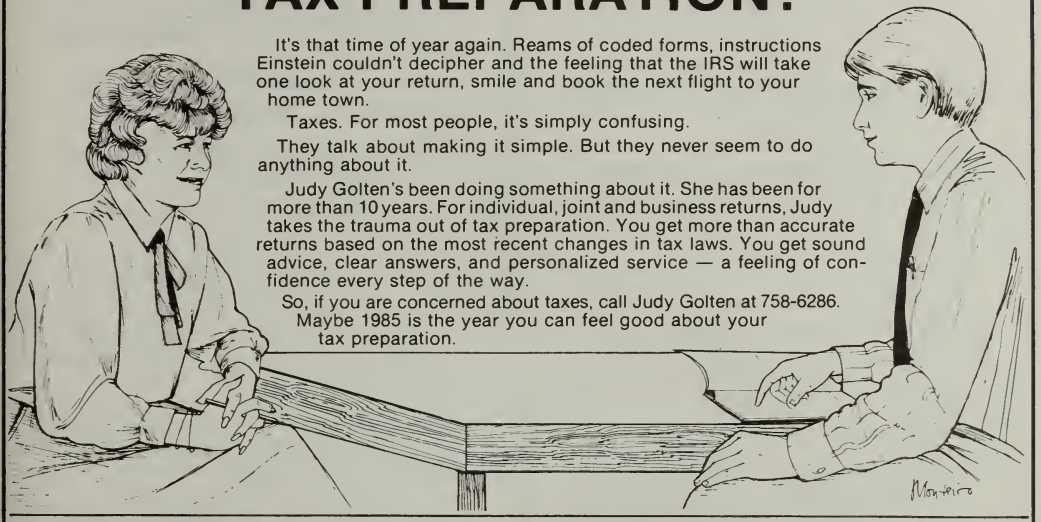
CAN YOU IMAGINE FEELING GOOD ABOUT **TAX PREPARATION?**



It's that time of year again. Reams of coded forms, instructions Einstein couldn't decipher and the feeling that the IRS will take one look at your return, smile and book the next flight to your home town.

Taxes. For most people, it's simply confusing.

They talk about making it simple. But they never seem to do anything about it.

Judy Golten's been doing something about it. She has been for more than 10 years. For individual, joint and business returns, Judy takes the trauma out of tax preparation. You get more than accurate returns based on the most recent changes in tax laws. You get sound advice, clear answers, and personalized service — a feeling of confidence every step of the way.

So, if you are concerned about taxes, call Judy Golten at 758-6286. Maybe 1985 is the year you can feel good about your tax preparation.

Talk Show Culture

DISCUSSION "OF MICE AND MEN"

For the sixth broadcast of the "Culture Hour" over WBSM, New Bedford, talk-show host Terry Powell and SMU English Professor Robert P. Waxler will discuss "Of Mice and Men" by John Steinbeck on Tuesday, March 5, at 8 p.m.

"We urge listeners to read the book before the program airs and to participate in the discussion by calling in," said Waxler.

Powell thought up the idea for the more-or-less monthly program as a change of pace from traditional talk-show subjects and as a way of getting people more interested in cultural activities, particularly literature and the humanities."

Waxler views the program as an effort to keep people interested in reading good books and "in thinking about our cultural treasures".

at Southeastern Massachusetts University on March 6th by the well-known puppeteer Peter Arnott.

The free performance in English for the public is scheduled at 7:30 p.m. in the Recital Hall of the College of Visual and Performing Arts (Group VI) Building.

"This is serious marionette theater and not amusement for children", said Arnott, professor of drama at Tufts University.

Arnott has specialized in the history of the Greek and Roman theater with emphasis on the problems of presenting ancient plays to modern audiences. He originated the Marionette Theater of Peter Arnott to exploit the possibilities of recreating the works of Greek and Roman playwrights by reproducing the ancient conditions of performance which are often inaccessible to modern actors and directors.

Arnott was educated at the University of Wales and Oxford University.
